

Announcement of the Liquidator of Weidenareal Metall Ltd. (WAM, formerly Swissmetal Industries Ltd.) to the creditors and media

Completion of the Swissmetal-land sale in Dornach to HIAG Immobilien Group

Bern, 12 January 2015. WAM is the owner of the Swissmetal-land (approx. 130'000 m²), which is part of the so-called "Widen" area.

As already announced on 7 October 2014, following a structured sales process, the Liquidator and the Creditors' Committee awarded the purchase contract to HIAG Immobilien Group. The completion of the sale required the legal force of the schedule of encumbrances ("Lastenverzeichnis") and the necessary authorizations. These requirements have been fulfilled.

Therefore, the sale of the Swissmetal-land has been completed today, and HIAG Immobilien Group is now the new owner of the Swissmetal-land.
